NEW CONNECTION APPLICATION

TERMS AND CONDITIONS:

1. The Authority's contractor will install a new lateral from the main to the curb. The homeowner is responsible for the cost of this installation. The connection between the building and the lateral shall be performed by the owner.
2. The connection between the building sewer (house to curb) and the house connection (curb to main) shall be inspected by TRWRA. **The Authority shall be notified a minimum of 48 hours in advance of the connection so an inspection can be scheduled.**
3. Any cleanout located in a paved area shall be protected with a metal valve box equal to Campbell Foundry item #4155. The property owner shall be responsible for all costs to install the valve box.
4. A 4" brass cap shall be installed on all cleanouts.
5. A connection fee will be calculated by the Authority in accordance with NJSA 40:14A-8. In addition, the cost for the Authority's contractor to install the house connection shall be paid at the time of this application based on the current bid prices for the said work. **The Authority shall not perform any work on the property until the fee is paid in full.**

I, the Owner or Agent, hereby agree to and understand the above conditions. I acknowledge that failure to comply with these conditions may cause a delay in obtaining the necessary approvals from the Authority, and that I may incur additional expenses for my failure to comply with these conditions. Connections or disconnections improperly made or not inspected will be required to be re-exposed at the owner's expense.
